- Semester Exchange: York St. John University at York, England (Grades Achieved: 1st Class)
- Best Information Systems and Business Student Award for merit in each respective major cohort
- Ernst & Young (EY) Emerging Leaders Program Selected Participant

WORK EXPERIENCE

Deloitte & Touche, LLP — **San Francisco, CA**
Risk & Financial Advisory – SAP Treasury Consultant — **September 2019 - Present**

- Solved client issues by having working sessions and guiding them through Treasury processes on a $3.5 million SAP Treasury Implementation Project for a US Multinational IT Company
- Prevented financial incompliance for a Swiss Multinational Investment Bank by corroborating sources of wealth, ensuring Anti-Money Laundering (AML) regulatory compliance in the US

Priority Health — **Grand Rapids, MI**
Commercial Risk Adjustment Intern – Data Analyst — **July 2019 - September 2019**

- Created a data discrepancy analyzer using Alteryx to identify insurance claim submission status
- Convinced the Market Intelligence & Analytics team to purchase 5 licenses for Alteryx

Eidex Insights — **Grand Rapids, MI**
Business Systems Analyst & Digital Marketing Intern — **June 2018 - February 2019**

- Created a knowledge base system to manage FAQ and store responses from Client Services to IT
- Saved $12,000 in development cost by analyzing website platforms and creating Eidex's website

Amway World Headquarters — **Ada, MI**
Global CRM Solutions Systems Analyst Intern — **May 2017 - August 2017**

- Customized Customer Sales Representative system as per user requirements in an agile setting

LEADERSHIP EXPERIENCE

Fellowship of Indonesian Christians in America (FICA) — **USA, North America**
IT & Data Management Department Founder and Director — **November 2019 - Present**

- Built the foundations and team for FICA's IT & Data Management Department that structured FICA's abundant resources, streamlining decision making and information sharing processes
- Pioneered and executed FICA's onboarding system for international student under a US Student Visa (OPT Program), boosting FICA's directors and leadership's morale in recruiting volunteers
- Impact: FICA has onboarded 2 international students under OPT and 10 non-OPT volunteers within 2 months, which expanded and enhanced FICA's operations in different functions

PERSONAL PROJECTS

MyNeighbor App – Resource Redistribution App for COVID-19 Maleficiaries
Founder, Global Project Manager & Product Owner — **March 2020 - Present**

- Aid nonprofits and clinics with deficient COVID Kits in Indonesia through our app and system
- Orchestrated the conception, management, and deployment of the app with the team

COMMUNITY INVOLVEMENT

Grand Rapids Public Library (GRPL) — **Grand Rapids, MI**
Data Analysis & Visualization Team, **Information Systems Planning Class** — **Spring 2017**

- Secured funds for the next 20 years by analyzing GRPL's data, help them to win the millage
- Created demographic pattern reports by comparing active library users to active voters using Tableau and gave recommendations to help target their campaign on specific tracts/districts
- Impact: over 20,100 people voted and GRPL won the millage by 70.95%

NOTABLE AWARDS

- **Deloitte's Award for Excellence:** for taking the extra mile by stepping up to work extra hours for the team during an *Anti-Money Laundering (AML)* project to make sure targets were met.
- **Best Innovation Plan:** The Consulate General of Indonesia awarded us $1,000 as an initial fund to kick off our *Electronic Healthcare Record (EHR) System in Papua, Indonesia* idea forward.
- **1st Place CalvinHacks Hackathon:** created a prototype for *"PlantBit: The Fitbit for Plants!"* that regulates and monitors in-house plant growth using Google Home or smartphone app.
